**UNSG Antonioguterres, Embassadors,**

**Antonio,**

What am I doing here?

Well... vasten your seatbells....

Not only the Judiciary council supports the Members of Parliament who collectively organize torture- murder on Civilians in NL.

The Prosecutor Office of the Ministry - Security & Justice are Members of the Elite-murderclub enjoy these killings too.

They conveniently ignore the ICC-lawcase against NL.

Over the past month I have proven in legally correct constructions 'who in NL is a Elite-murderclub -killer'.

They ignore the fact that I claimed the labourcontract ItermPrimeMinister for NL on 18nov2016.

They ignore their legal obligations a 100%, unless they appear in front of the camera. There they perform their theaterplay.

Prosecutor - Judges - Police all ignore the most awfull legal truth about NL, when they press charges.

The Prosecutors Office has decided that persons in NL - who threaten and insult Sylvane Simons - must be punished. Sylvane Simons is a VIP who suddenly wants a political career.

She wants personal security payed by the Taxoffice... and the whole Political theater. The Prosecutors Office supports here.

Dutch nationals who are victims of serious crimes are being ignored or mishandled; our NL prisons are empty 'now criminals are pitty-full persons'.

There is an ICC-lawcase against all media-makers too, now they support the killings of Markrutte & co.

Prosecutors refuse to use the Constitution - Humanrighttreaties against Members of Parliament and the corrupt Electoral Council... and new political parties which are founded in crime.

**The New Parties who will participate in the Elections on 15march2017... are to be handled 'as criminals who do want terrorism'; they even kill Dutch nationals for it.**

Refugees who arrive in NL misuse this lack of security.

In Holland - a foreigner with a false passport is being registered, but not being put in prison-. They live in paradize, overhere.

In comparison: when a European person travels to Canada or Australia with a false passport, this person is being:

- put in prison
- brought to court
- send back to an EU-country

Refugees are Free Gods & Goddesses in NL...

**Scotland, EFTA, UNSG Antonioguterres, Ondernemers, Ambassadors,**

Nicola Sturgeon, I can follow your thoughts in connection with EFTA,  
 but you do not communicate problem-solving enough.

From the media I understand that half -Scotland doesn't understand the movements  
 of you - -Nicola Sturgeon --- in connection with EFTA.

Well, Nicola... they do not ALL read my emails.

<http://www.efta.int/about-efta/the-efta-states>

**I want this too for Holland..., but on top of the Constitution Republic NL.**

**I Want...**

I want all Import and Export-Tax to be removed from Earth.

Border-controlle will only be focussed on the quality-levels of goods & services;  
 must stop crime.

Entrepreneurs are going to pay an Import-Export tax on top of their rawmaterials - or - halfproducts - or - consumer products.

They pay this New tax in NL to the *new to open* Municipal Tax-desk - Gemeente Belastingloket -. From this money Bordercontrole is financed.

Why?

Well --- we have so much crime that we can better lose the whole Import -Export bureaucracy for Businesses in Shipping-mode.

Costums 'have plenty of tasks to fulfil, with out taking care of the Pay-desk'.

**I want, I want, I want...**

Ja, we do have elections on 15march2017.

The media supports the dictator-parliament.

many new political parties have themselves registered with the Electoral Council, which is 100% corrupt ... as I prove..

Civilians are unaware, now the media lies.... about the whole ICC-corruption with NL.

Current members of parliament... are playing games with the People; misuse the media. They do not care for security - economy.

**I don't want bloodshed - especially not ... now terrorists are mu biggest Fanclub -.**

I can not turn to the Ministry of Common Affiars for my labourcontract

InterimPrimeMinister,

without the risk 'terrorist will get furious in EU'.

I can not start the communications needed for the acceptance of EFTa by the Dutch People.

And... business start to open their eyes in NL, but so far... they have not woken up... and most certainly are not ready for a legally correct clean up of the NL-parliament & bureaucracy.

Scotland - Ireland - Portugal.... you need to 'instruct the People about EFTA as if they are unknown toddlers'. And you need the Constitution Republic NL - Arbitration-court-system for the protection of the national market -.

Antonio, you will receive this Psychology lesson2 by mail via the Embassy Portugal.

<http://www.nieuwswet-newslaw.org/uploads/5/6/2/4/56243847/psychology.lesson2.un.commission.convention.arbitration.problem-solving.justice.unsgguterres.dec2016.pdf>

<http://www.nieuwswet-newslaw.org/>

Many many bullshit-communications produced by the UN must stop, if we don't want to lose Europe to terrorism.

If we don't want to lose Trade to lies.

If we don't want more Refugee-fleds.

I already know 'How Holland is going to respond... when you present the UN Commission Arbitration-court-systems to the Convention Arbitration for Problem-solving Justice'.

NL politicians for the UN will NOT present this whole New system to the NL-People.  
Neither will the NL -media.

Thus, foreign nations will be ahead of Holland... during the building-proces.

All foreign Embassadors - Presidents in NL can start all communications from the Torture-treaty with NL-parliament & Lobby... 'in order to be able to do business on short timelines'.

They only thing they have to do is say:  
'We can email DesireeStokkel... She will help us out.. here...  
So what will it be? More or less artificial created problems; more or less terrorism? '.

The more straightforward you are - from 18nov2016 on - the better the result will be.  
Only give them space to breath; don't feed the NL-monster.

The quicker the People work with the Constitution Republic NL mentality  
the faster the Fairtrade-movement.

**UNSG AntonioGuterres, Embassies, Entrepreneurs, Simple people who do not want to be killed,**

**UNSGAntonioGuterres,**

Your job is loaded; I will help you think... by writing Psychology-papers for the UN Commission Arbitration for Problem-solving Justice.

I'll address all the Papers to you, now I have determined that in the Arbitration-Treaty.

The Kremlin is already used to my type of Psychology.  
I have 'broken -down Medvedev' about his responses in 2008 on my ICC-lawcase against NL.

He is still alive, isn't he?

I want Portugal to do something New in Parliament =  
create an Under - Secretary Psychiatry for the Ministry of Internal Affairs.  
This person is a Pyschotherapist who understands 'How communications  
must be created in line with Problem-sovling behavior'.

I don't need the Kremlin to create this new job; the Russian People enjoy to tease the West.

I will handle the Kremlin - Moslim-world.

I don't have access to Ministries... and I still don't want bloodshed.  
So, other nations must start with solutions, I can't start with Myself.

Despite my right to the InterimPrimeMinister labourcontract.

O, Dictators Markrutte - Koenders do not respond publicly to the death  
of the Russian-embassador in Turkey.  
Ignore this! do not say 1 word about it!

I will instruct you....

And.... The German People do not trust security; they are right.  
I email the bundesnachrichtendienst as long as I can remember.

The Persons working for national security- offices.... are too political  
and do not work with national law - treaties against their own leaders.  
Wrong!

We - AntonioGuterres & I - are going to SHOVEL the Arbitration-treaty  
through the throats of the People on Planet Earth..coming job.

I will give you the Psychology you need 'to learn to ignore or build'.
