Monaco, Embassy, ICC,

There is nothing new or wise about the new France Asylum-rules I read in the NL-news.

France keeps ICC open as a laundry-service for EU-Elite, internationally.

This is the cause of the increase of the Asylumseekers in France.

I have written much better laws for RepublicNL - UN:

Only persons who have gone through all the legal procedures available in their Home country, and still find No Justice... must turn to ICC to make a nation conduct the UNcharter - HR treaties.

When a persons has started an ICClawcase against a Nation that refuses to exercize the UNcharter & HR treaties, he or she will be able to stay in the Homecountry as a person with Fundamental Human rights.

Conclusion: there will hardely be any Asylumseekers on Planet Earth.

The Treaties I have written and put into power by decree are legally valid; you only have to design the bureaucracy in line with it.

France only wants to talk about 'cutting down on number of Asylumseekers, not actually stop Refugees in a way that removes the Refugee-problem from Earth.

Macron = criminal minded child.
