Putin,

Large-scale users of NL - Groningen Gaz... will most likely turn to Russia-gaz, when the Groningen-supply is minimalized.

Businesses 'support Parliament - King - Criminal judges with murder on average civilians'.

Although this legal fact is known with Terrorists & co, internationally... Holland starts to bully: 'We don't want more Russian-gaz; its an unreliable source'.

I want the new RU- Contracts for Gaz-supply to Holland, signed in RepublicNL. I want this demand in the contract = less crime.

And, I also want my signature on those contracts = to restore the State of Law the Netherlands, despite the fact that the Elite supports Freedom to Murder in NL!

I try to stop criminals, overhere.

The Police 'is free as a bird, when they want to kill people = they have killed a confused man last week....'

The people already know 'that judges will set these Police-officers free... because the media has put them in the spotlight'. The fact that people die 'who don't understand why they are being killed, is irrelevant'.

The Elite in Holland supports these Police-killings = 'as long as the Elite is not hurt...there is No Problem', is the assumption.

The Energy-world supports these DictatorshipNL - killings, because the Boardmembers have not been a victim in this system..so far.

KseniaSobchak,

Don't communicate with Holland... other than me.

I will upgrade you... but you are not ready yet.

And work together with MikhailProkhorov; you need him in this system.
