Greenbusinessclub,

U bewijst dat u een crimineel bent.

Ik kan u in de gevangenis van het Internationaal Strafhof zetten, wegens medeplichtigheid aan folteren en moord.

U assisteert parlementsleden bij het organiseren & uitvoeren van oorlogsmisdaden op het lichaam van Nederlanders en Buitenlanders.

U weigert de Grondwet en Mensenrechtenverdragen toe te passen.

Er is iets gaande in Amsterdam; Amsterdamse Zuidasbedrijven voelen zich boven de wet.

BREXIT,

Stay away from the Greenbusinessclub; they cause cybercrime - warcrimes and will cost you a lot of money.

Desiree

Onderwerp: Cybercrime forum = NL zet deur open voor Cyber aanvallen Fwd: Edward Snowden more and more criminal

One Conference Nation Cybercrimecourt

The One Conference in Thehague about the realisation of the Cybercrime Court... will trigger more dangerous Cyberattacks from abroad on Holland.

Because the International Criminal Court is present during this meeting of the Elite-murderclub in NL.

With the aim to determine 'which leaders are above the law, during a war- cyber-attack'.

I have letters - and emails from the AIVD - MIVD - CTIVD that prove that all the Topmanagers of these institutes support the torture - murder designed & conducted by ICC-personneel.

I also have Heavy Criminals on my landline telephone, who want information.

I think they are the onces who can be behind the Giga-cyberattacks, calling me to find out 'how they can keep themselves above the law'.

I don't talk with them, because I don't want to give them the opportunity to misuse my voice for their crime.

The Coalition-agreement-negotiations stopped

Holland is a Republic per 18nov2016, with a new courtsystem... better for the people.

The NL-parliament refuses to accept this legal truth, therefore all negotiations fail.

Political parties know by now... that I - IMP DesireeStokkel - have given Cleanup- & Builders-power to the people, so they can pass the parliament.

Problem:

The People have very Low Self-esteem and a Low- sence for Self-effectiveness = they stay a member of the NL-bullshit-club... and sabotage their own Evolution for Justice & Social Intelligence.

Now, I am in charge of NL... and email organisations...
it becomes clear 'who the members of the Elite-murderclub in NL are...
and who want to stay Lazy - indifferent - Unscrupulous - Violent - Criminal'.

The media is a disaster for Holland = foreign investors & criminals can jump into this gap... in politics.

Individuals need to take some responsibility and CleanUp the Legal Mentaily of the people.

Desiree

Edward Snowden,

You should **not** have joined the Club who wants to drop the charges against Julian Assange.

You have lost all your credibility now.

BradleyManning is free, because I wanted this to be organized.
'A little something between me & Obama'.
Not because you had a say in it.

You prove that you support the criminal relationship between Wikileaks - Media - EU - UN - International Criminal Court.

I will no longer protect you.

You have always treaten me badly, while I am the one who made Putin give you 'a normal life in Russia'.

Its over.

For a very good reason: ICT - criminals observe me on a daily basis. They even call me on my landline.

I think that the Cybercriminals who tried to paralyze Earth, over the past week ... are connected to the onces who called me, at least 3 times.

My personal legal position - and those of victims of the EU- UN - ICC lobby - are more important to me than you are.

Warzone in general... is more important than your individual fight.

Its smart to correct yourself, this week.

**Present the heavy legal framework you are part of - within ICC- to the people.
To re-anchor your personal relationship with Julian Assange in the Best Legal truth.**

If, you don't...you will end op in prison too.
After all.

**Because you have just made the wrong Legal turn, this week.
By claiming 'to drop charges against Julian Assange, Wikileaks'.**

No matter... the fact that FBI Comey has been fired;
somebody else will take over my file... in front of Trump.

For the national security of the USA, I am more relevant than your are.

For Russia - Ukraine - EU , too....

Am I clear?

You can either correct yourself with legal facts, publicly... or end up in prison.

**When you don't present the heavy legal framework you are part of before 1june2017,
I won't do anything at all to stop you from being put in prison.**

With regards,
