ICC, Embassy,

Judgment on the appeal of Mr Jean-Pierre Bemba Gombo against Trial Chamber III's "Judgment pursuant to Article 74 of the Statute"

https://www.icc-cpi.int/RelatedRecords/CR2018_02987.PDF

The Full ICC-courtverdict on Mr Jean-Pierre Bemba Gombo = Lobby - verdict = Political bullshit.

What happens here is that the warcriminal -Judges & Prosecutors working inside the ICC-system ignore ALL their personal Legal obligations anchored in the UNcharter - Torture treaty.

ICC-judges & prosecutors ignore the UNcharter - Torture treaty so they & their corrupt political friends stay above the law and are Free To Murder...victims who start ICClawcases.

The Legal fact =

All Presidents or Military Leaders in Conflictzone own the Legal obligation to stop violence from the UNcharter - Torture treaty.

In the field this means:

'Every single person in conflictzone has the obligation to start a Court of law to bring the conflict to a local Court.

And all Individual in conflict-zone own the legal obligation to make another person stop fighting ... and make this person turn to Court of law for Conflict-ending without Violence.

ICC ignores the Torture-treaty in the ICC-courtverdict on Mr Bemba Gombo.

What will the result be?

That ICC = 100% useless and warlords continue to be warcriminals.

The ICC-president - Nigeria BokoHaram fan.

ICC-judges murder on request of their presidents & UNSG.

ICC-prosecutors participate in gang-violence ... via NGO and private- family matters.

Why didn't ICC-prosecutor Fatou Bensouda not inform the World that her son is killed in heavy crime in the USA... and that his innocence = not 100% proven?

Iraq,

Thank you for arresting the criminal who killed the German girl.
