Salma bint Hizab Al-Oteibi, Saudi arabia, Embassies, Securityservices, ICC, Nato, Media,

Salma bint Hizab Al-Oteibi,

You are the first female politician in Mekka.
Wonderfull.

I need you to help me clean up the International Criminal Court in Thehague...., once when I am the first female President in NL.

At the moment I am writing my Parliament- takeover - plan.

I don't want a civil war in NL, but the Ministry of Common Affairs & Ministry of Justice do!

Its important that you ignore the UN & EU as much as possible.

Its fine when you join talks within the ArabLeague.

its also fine when you communicate with Embassador too.

Ignore many NGOs as you possibly can; they all support ICC-personnel that organizes killings on individuals

Don't start talks with ICC, because ICC-staff will push you into criminal constructions you can not controle.

Good luck to you!
