Embassy, RepublicNL,

When you watch the statemedia tv-program Zembla you tend to believe 'that thte NL-Healthcare Inspector & State-media together,

'try to protect the people from Fake-Criminal Medication'.

<https://zembla.bnnvara.nl/nieuws/tips-hoe-je-vervalste-medicijnen-online-en-in-de-apotheek-herkent>

Problem:

Criminals who produce FAKE - medication and sell it online or as official Cancer-treatment to pharmacies, know

'that they are Free as a Bird in Holland, now the NL-Healthcare Inspector assist NLparliament - King - ICC with murder on individual, in a hidden world'.

The Healthcare-sector is a very dangerous place to be in Holland = murder weapon, without punishment.

Even worse:

'The NL-politicians against who runs an ICClawcase for Organizing Freedom to Murder, leave politics and become boardmembers in the Healthcare sector.'

Thus?

When you have NO business - and don't need any help - YOU MUST stay away from the NL-Healthcare.

Embassies must warn their Tourist-Expat-industry. Don't travel to Holland for (Beauty) treatments if you don't have too!
